**AN ACT**

To repeal sections 160.261, 210.145, and 211.031, RSMo, and to enact in lieu thereof four new sections relating to school-age children, with penalty provisions and an emergency clause for a certain section.

---

*Be it enacted by the General Assembly of the state of Missouri, as follows:*

Section A. Sections 160.261, 210.145, and 211.031, RSMo, are repealed and four new sections enacted in lieu thereof, to be known as sections 160.261, 170.037, 210.145, and 211.031, RSMo, to read as follows:

160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

**EXPLANATION — Matter enclosed in bold faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law. Matter in boldface type in the above law is proposed language.**

2. The policy shall require school administrators to report acts of school violence to teachers and other school district employees with a need to know. For the purposes of this chapter or chapter 167, RSMo, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002, RSMo, to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following felonies, or any act which if committed by an adult would be one of the following felonies:

- (1) First degree murder under section 565.020, RSMo;
- (2) Second degree murder under section 565.021, RSMo;
- (3) Kidnapping under section 565.110, RSMo;
- (4) First degree assault under section 565.050, RSMo;
- (5) Forcible rape under section 566.030, RSMo;
- (6) Forcible sodomy under section 566.060, RSMo;
- (7) Burglary in the first degree under section 569.160, RSMo;
- (8) Burglary in the second degree under section 569.170, RSMo;
- (9) Robbery in the first degree under section 569.020, RSMo;
- (10) Distribution of drugs under section 195.211, RSMo;
- (11) Distribution of drugs to a minor under section 195.212, RSMo;
- (12) Arson in the first degree under section 569.040, RSMo;
- (13) Voluntary manslaughter under section 565.023, RSMo;
- (14) Involuntary manslaughter under section 565.024, RSMo;
- (15) Second degree assault under section 565.060, RSMo;
- (16) Sexual assault under section 566.040, RSMo;
- (17) Felonious restraint under section 565.120, RSMo;
- (18) Property damage in the first degree under section 569.100, RSMo;
- (19) The possession of a weapon under chapter 571, RSMo;
- (20) Child molestation in the first degree pursuant to section 566.067, RSMo;
- (21) Deviate sexual assault pursuant to section 566.070, RSMo;
- (22) Sexual misconduct involving a child pursuant to section 566.083, RSMo; or
- (23) Sexual abuse pursuant to section 566.100, RSMo;

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly

responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent, or in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

4. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. 921 and the following items, as defined in section 571.010, RSMo: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

5. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

6. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policy of discipline developed by each board under this section, or when reporting to his or her supervisor or other person as mandated by state law, acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

7. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. Acts of violence as defined by school boards shall

include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020, RSMo, to any school district in which the student subsequently attempts to enroll.

8. Spanking, when administered by certificated personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210, RSMo. The provisions of sections 210.110 to 210.165, RSMo, notwithstanding, the division of family services shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to any spanking administered in a reasonable manner by any certificated school personnel pursuant to a written policy of discipline established by the board of education of the school district. Upon receipt of any reports of child abuse by the division of family services pursuant to sections 210.110 to 210.165, RSMo, which allegedly involves personnel of a school district, the division of family services shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the division of family services and take no further action. In all matters referred back to the division of family services, the division of family services shall treat the report in the same manner as other reports of alleged child abuse received by the division. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the juvenile officer of the county in which the alleged incident occurred. The report shall be jointly investigated by the juvenile officer or a law enforcement officer designated by the juvenile officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by the juvenile officer or a law enforcement officer designated by the juvenile officer and the president of the school board or such president's designee. The investigation shall begin no later than forty-eight hours after notification from the division of family services is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school

district personnel allegedly involved in the report, and of any witnesses to the alleged incident. The juvenile officer or a law enforcement officer designated by the juvenile officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the division of family services. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated. The school board shall consider the separate reports and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The juvenile officer or a law enforcement officer designated by the juvenile officer and the investigating school board personnel agree that the evidence shows that no abuse occurred;

(2) The report of the alleged child abuse is substantiated. The juvenile officer or a law enforcement officer designated by the juvenile officer and the investigating school district personnel agree that the evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The juvenile officer or a law enforcement officer designated by the juvenile officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

9. The findings and conclusions of the school board shall be sent to the division of family services. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the division of family services' central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the division of family services shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the division of family services shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the division of family services unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

10. Any superintendent of schools, president of a school board or such person's designee or juvenile officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

**11. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student**

shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.

**170.037. 1. The state board of education shall encourage the adoption of service-learning programs and projects among school districts. As used in this section, the term "service-learning programs and projects" means a student-centered, research-based method of teaching and learning which engages students of all ages in solving problems and addressing issues in their school or greater community as part of the academic curriculum. As a result, service-learning fosters academic achievement, civic engagement, and character development.**

**2. Upon request of any school district that elects to implement service-learning programs or projects, the state board of education shall provide any assistance needed to districts in locating, leveraging, and utilizing alternative financial resources that will assist teachers desiring to receive training in developing and administering service-learning programs or projects.**

**3. Any local board of education that maintains a high school may include service-learning as part of any course contributing to the satisfaction of credits necessary for high school graduation and provide support for the use of service-learning as an instructional strategy at any grade level to address appropriate areas of current state educational standards for student knowledge and performance.**

**210.145. 1. The division shall establish and maintain an information system operating at all times, capable of receiving and maintaining reports. This information system shall have the ability to receive reports over a single, statewide toll-free number. Such information system shall maintain the results of all investigations, family assessments and services, and other relevant information.**

**2. Upon receipt of a report, the division shall immediately communicate such report to its appropriate local office and any relevant information as may be contained in the information system. The local division staff shall determine, through the use of protocols developed by the division, whether an investigation or the family assessment and services approach should be used to respond to the allegation. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child.**

**3. The local office shall contact the appropriate law enforcement agency immediately upon receipt of a report which division personnel determine merits an investigation, or, which, if true, would constitute a suspected violation of any of the following: section 565.020, 565.021, 565.023, 565.024 or 565.050, RSMo, if the victim is a child less than eighteen years of age, section 566.030 or 566.060, RSMo, if the victim is a child less than eighteen years of age, or other crime under chapter 566, RSMo, if the victim is a child less than eighteen years of age and the perpetrator is twenty-one years of age or older, section 567.050, RSMo, if the victim is a child less than eighteen years of age, section 568.020, 568.030, 568.045, 568.050, 568.060, 568.080, or 568.090, RSMo,**

section 573.025, 573.037 or 573.045, RSMo, or an attempt to commit any such crimes. The local office shall provide such agency with a detailed description of the report received. In such cases the local division office shall request the assistance of the local law enforcement agency in all aspects of the investigation of the complaint. The appropriate law enforcement agency shall either assist the division in the investigation or provide the division, within twenty-four hours, an explanation in writing detailing the reasons why it is unable to assist.

4. The local office of the division shall cause an investigation or family assessment and services approach to be initiated immediately or no later than within twenty-four hours of receipt of the report from the division, except in cases where the sole basis for the report is educational neglect. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. If the parents of the child are not the alleged abusers, a parent of the child must be notified prior to the child being interviewed by the division. The division shall not meet with the child [at the child's school or child-care facility] **in any school building or child care facility building where abuse of such child is alleged to have occurred.** When the child is reported absent from the residence, the location and the well-being of the child shall be verified.

5. The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The superintendent of each school district shall designate a specific person or persons to act as the public school district liaison. Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation. Upon notification of an investigation, all information received by the public school district liaison or the school shall be subject to the provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C., Section 1232g, and federal rule 34 C.F.R., Part 99.

6. The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

7. When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

8. Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

9. Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

10. If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law enforcement.

11. If the appropriate local division personnel determines to use a family assessment and services approach, the division shall:

(1) Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;

(2) Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;

(3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of services to the child and family;

(4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

12. Within thirty days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the

subjects of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within thirty days, unless good cause for the failure to complete the investigation is documented in the information system. If the investigation is not completed within thirty days, the information system shall be updated at regular intervals and upon the completion of the investigation. The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

13. A person required to report under section 210.115 to the division shall be informed by the division of his right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local office, if requested, information on the general disposition of his or her report. A person required to report to the division pursuant to section 210.115 may receive, if requested, findings and information concerning the case. Such release of information shall be at the discretion of the director based upon a review of the mandated reporter's ability to assist in protecting the child or the potential harm to the child or other children within the family. The local office shall respond to the request within forty-five days. The findings shall be made available to the mandated reporter within five days of the outcome of the investigation.

14. In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However, nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made.

15. In any judicial proceeding involving the custody of a child where the court determines that the child is in need of services pursuant to subdivision (d) of subsection 1 of section 211.031, RSMo, and has taken jurisdiction, the child's parent, guardian or custodian shall not be entered into the registry.

16. The division of family services is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.021, RSMo, and chapter 536, RSMo, to carry out the provisions of sections 210.109 to 210.183.

17. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

211.031. 1. Except as otherwise provided in this chapter, the juvenile court or the family court in circuits that have a family court as provided in sections 487.010 to 487.190, RSMo, shall have exclusive original jurisdiction in proceedings:

(1) Involving any child or person seventeen years of age who may be a resident of or found

within the county and who is alleged to be in need of care and treatment because:

(a) The parents, or other persons legally responsible for the care and support of the child or person seventeen years of age, neglect or refuse to provide proper support, education which is required by law, medical, surgical or other care necessary for his or her well-being; except that reliance by a parent, guardian or custodian upon remedial treatment other than medical or surgical treatment for a child or person seventeen years of age shall not be construed as neglect when the treatment is recognized or permitted pursuant to the laws of this state;

(b) The child or person seventeen years of age is otherwise without proper care, custody or support; or

(c) The child or person seventeen years of age was living in a room, building or other structure at the time such dwelling was found by a court of competent jurisdiction to be a public nuisance pursuant to section 195.130, RSMo;

(d) The child or person seventeen years of age is a child in need of mental health services and the parent, guardian or custodian is unable to afford or access appropriate mental health treatment or care for the child;

(2) Involving any child who may be a resident of or found within the county and who is alleged to be in need of care and treatment because:

(a) The child while subject to compulsory school attendance is repeatedly and without justification absent from school; or

(b) The child disobeys the reasonable and lawful directions of his or her parents or other custodian and is beyond their control; or

(c) The child is habitually absent from his or her home without sufficient cause, permission, or justification; or

(d) The behavior or associations of the child are otherwise injurious to his or her welfare or to the welfare of others; or

(e) The child is charged with an offense not classified as criminal, or with an offense applicable only to children; except that, the juvenile court shall not have jurisdiction over any child fifteen and one-half years of age who is alleged to have violated a state or municipal traffic ordinance or regulation, the violation of which does not constitute a felony, or any child who is alleged to have violated a state or municipal ordinance or regulation prohibiting possession or use of any tobacco product;

(3) Involving any child who is alleged to have violated a state law or municipal ordinance, or any person who is alleged to have violated a state law or municipal ordinance prior to attaining the age of seventeen years, in which cases jurisdiction may be taken by the court of the circuit in which the child or person resides or may be found or in which the violation is alleged to have occurred; except that, the juvenile court shall not have jurisdiction over any child fifteen and one-half years of age who is alleged to have violated a state or municipal traffic ordinance or regulation, the violation of which does not constitute a felony, or any child who is alleged to have

violated a state or municipal ordinance or regulation prohibiting possession or use of any tobacco product, **and except that the juvenile court shall have concurrent jurisdiction with the municipal court over any child who is alleged to have violated a municipal curfew ordinance;**

(4) For the adoption of a person;

(5) For the commitment of a child or person seventeen years of age to the guardianship of the department of social services as provided by law.

2. Transfer of a matter, proceeding, jurisdiction or supervision for a child or person seventeen years of age who resides in a county of this state shall be made as follows:

(1) Prior to the filing of a petition and upon request of any party or at the discretion of the juvenile officer, the matter in the interest of a child or person seventeen years of age may be transferred by the juvenile officer, with the prior consent of the juvenile officer of the receiving court, to the county of the child's residence or the residence of the person seventeen years of age for future action;

(2) Upon the motion of any party or on its own motion prior to final disposition on the pending matter, the court in which a proceeding is commenced may transfer the proceeding of a child or person seventeen years of age to the court located in the county of the child's residence or the residence of the person seventeen years of age, or the county in which the offense pursuant to subdivision (3) of subsection 1 of this section is alleged to have occurred for further action;

(3) Upon motion of any party or on its own motion, the court in which jurisdiction has been taken pursuant to subsection 1 of this section may at any time thereafter transfer jurisdiction of a child or person seventeen years of age to the court located in the county of the child's residence or the residence of the person seventeen years of age for further action with the prior consent of the receiving court;

(4) Upon motion of any party or upon its own motion at any time following a judgment of disposition or treatment pursuant to section 211.181, the court having jurisdiction of the cause may place the child or person seventeen years of age under the supervision of another juvenile court within or without the state pursuant to section 210.570, RSMo, with the consent of the receiving court;

(5) Upon the transfer of any matter, proceeding, jurisdiction or supervision of a child or person seventeen years of age, certified copies of all legal and social documents and records pertaining to the case on file with the clerk of the transferring juvenile court shall accompany the transfer.

3. In any proceeding involving any child or person seventeen years of age taken into custody in a county other than the county of the child's residence or the residence of a person seventeen years of age, the juvenile court of the county of the child's residence or the residence of a person seventeen years of age shall be notified of such taking into custody within seventy-two hours.

Section B. Because immediate action is necessary to protect the children of this state, the repeal and reenactment of section 210.145 of section A of this act is deemed necessary for the

immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 210.145 of section A of this act shall be in full force and effect upon its passage and approval.
